

Hello

I'm Ahmad Aslam

Lahore, Pakistan | 📞 +92 323 8083846 | ✉️ ahmadaslam1999@gmail.com

🔗 [LinkedIn](#) | 🌐 [Portfolio](#) | 📄 [GitHub](#)

I'm a **React Native mobile app developer** with **5+ years** of experience building and maintaining production-ready **iOS and Android apps** for startups and growing businesses. I help teams ship reliable mobile products—from new features and performance improvements to payments, notifications, and App Store releases.

Skills

- **Mobile:** React Native (Expo & Bare), State Management, Payments, Push Notifications, Deep linking
- **Frontend:** React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
- **Backend & Api:** Node.js, NestJS, Express.js, REST APIs, GraphQL
- **Databases:** PostgreSQL, MongoDB, Firebase, SQLite
- **Version Control:** Git, GitHub, BitBucket
- **Testing:** Jest
- **Others:** Agile Methodologies, CI/CD, Performance Optimization

Experience

Freelance Web & Mobile Developer | Self Employed | March 2024 - December 2024

- Delivered **production-ready React Native** applications for **international clients**, handling development from architecture to deployment.
- **Integrated complex APIs**, authentication systems, and third-party services including **payments** and push notifications.
- Collaborated directly with **founders** to refine product requirements and improve app **performance** and **scalability**.
- Managed **full project lifecycle** independently, ensuring on-time delivery and high client satisfaction.

Senior Mobile Application Developer | Tixel | March 2024 - December 2024

- Developed **offline support** for a **security mobile application**, significantly **improving usability and performance**, ensuring seamless functionality even without internet access.
- Designed and implemented an **SVG rendering and editing module**, allowing users to modify and manipulate vector graphics efficiently.
- Optimized **state management and caching** to enhance app responsiveness and reduce load times.
- Actively participated in **scrum meetings**, contributing to **sprint planning, task prioritization, and agile workflows** to ensure timely project delivery.

- Worked closely with **backend and QA teams** to debug, test, and refine critical app features before release.

Frontend & Mobile Developer | Staunch | August 2022 - March 2024

- Developed **3 web projects from scratch** using **React and Next.js**.
- Independently developed **2 mobile applications** using **React Native**, implementing core features and ensuring smooth performance.
- Actively participated in **architectural meetings** to devise the best solutions.
- Developed and integrated **complex standalone modules**, such as a **CSV parser with type checking**.
- Collaborated with **clients, design, and backend teams** to ensure smooth project delivery.

Software Engineer | Educative | June 2021 - July 2022

- **Designed and developed a beginner-friendly project** on the **Educative platform**, enabling users to gain hands-on learning experience.
- Actively contributed to **sprint planning and agile workflows**, ensuring efficient task prioritization and delivery.
- **Implemented complex features**, including **setting up a cloud-based IDE using Docker**, enhancing the platform's development and learning experience.

Mobile App Developer | Helping, Berlin, Germany | Jan 2021 - July 2021

- **Developed and optimized 10+ reusable UI components**, enhancing the application's overall user experience.
- **Integrated a custom chat SDK**, enabling real-time messaging and improving communication features within the app.
- **Successfully deployed the web application to test users**, gathering feedback and refining the product for a full-scale release.

Education

SEPTEMBER 2018 - APRIL 2022

Lahore University of Management Sciences (LUMS), Lahore - *BS Computer Science*

Certifications

React Certification - HackerRank | March 2023

Foundations of UX Design - Google | January 2022

Awards

Academic High Achiever - LUMS | January 201
